| Education

Year 10 Student

Attending Acland Burghley School

Studying:

- History
- Geography
- Design Technology
- Computer Science

| Outline of Skills

- Excellent problem-solving abilities
- Strong communication and teamwork skills
- Eagerness to learn and adapt to new technologies and techniques
- Proficient understanding of how to properly use Premiere Pro, Lightroom and After Effects
- Basic Understanding of two high level programming languages.
 - I am in the process of learning more C# and learning rust
- Basic understanding of how to use the design tool [Figma](#)

| Interests

| Computer Science

- **Software Development:** Proficient in C# and Python, with a passion for exploring new frameworks.
- **Hardware Engineering:** Understanding of hardware components and their applications.
- **UX/UI Design:** Skilled in creating intuitive interfaces using Figma.

Behind the Scenes of Productions

- **Post Production:** Experienced in video editing and VFX with Premiere Pro and After Effects.
- **Videography:** Knowledgeable about camera techniques and composition.
- **Lighting:** Understanding of lighting setups for visual storytelling.
- **Photography:** Proficient in creative and precise photography.

Experience/ Extracurriculars:

- **Orchestra Age of Enlightenment Dreamchasing Young Producers Programme:** Young producers is a programme that teaches in the aspects of production, we are given the opportunity to develop skills in things like:
 - Photography
 - Cinematography
 - Lighting
 - Video editing.Along with this, we develop extensive team work skills throughout the extracurricular. We even were able to attend the Southbank Centre's Queen Elizabeth Hall, where we documented a performance of the Fairy Queen.
- **Local Village Network QUOD:** An Extracurricular where me and my team were tasked with choosing one of four abandoned local sites

Rough schematic of what we came up with:

- **Hall for All Project:** I am a member of the community lead management board for my schools assembly hall remodel, where we give input on things like: what we would like to see for the future of the hall and what should be prioritised. Helped with communication and teamwork skills.
- **Youth Justice Legal Centre Communication Training :** I participate in a training hosted by the Youth Justice Legal Centre(YJLC), where I talk to trainee lawyers and solicitors to help them gain a through understanding of how to communicate with youth: in the event they end up representing a young person.
